

Mini Split Line Sets with Power or Control Cable

Mini Split Line Sets with Power or Control Cable

Mueller mini-split line set kits are the convenient solution for labor savings and reduced waste, offering tube and insulation pre-assembled and packaged together with pre-cut cable. Our seamless insulation reduces the risk of leaks and promotes energy efficiency, while the flared fittings offer a fast and flameless method of installation.

Features

Cable

14-4

- Stranded Bare Copper THHN Conductors
- Sunlight Resistant
- RoHS Compliant, Black PVC Jacket
- 600V
- Direct Burial listed by UL
- Increased Flexibility

18-4

- Stranded Bare Copper Conductors with Aluminum Shielding
- Sunlight Resistant
- RoHS Compliant, Grey PVC Jacket
- 300V
- UL Listed
- Increased Flexibility

Flare Fittings

- Flare Fittings are fabricated from brass forgings or drawn brass rod
- Smooth interior finish provides unrestricted flow and pressure drop
- R410A Rated

Insulation

- Closed-cell construction ensures excellent thermal conductivity, prevents mold and mildew, and fire resistant.
- Energy Efficient
- 25/50 Rating
- UL Listed

Comes assembled with both lines insulated and flare fittings

Power or control cable is included with an additional 10 feet of cable
